A Restaurant that I Visited

Maxim's Palace is one of the most popular restaurants in Yaumatei.

I went there with my family to celebrate my father's birthday last Sunday.

Maxim's Palace is famous for prawns with chilli and garlic. We ordered corn soup and tuna salad as starters. They tasted sweet. We also ordered prawns with chilli and garlic and chicken in chilli sauce as main courses because my father likes hot food. They tasted nice. Furthermore, we ordered chocolate cake and mango pudding as desserts. They tasted sweet. Overall the food was delicious.

When we saw the bill, we felt shocked. We had to pay \$520!

We will not visit this restaurant again because it is too expensive. The food is tasty but expensive. Although the place is well decorated, the waiters are rude. I will not recommend it to my friends because it is not worthwhile.
