

Chan Ka Yuet, Angel (P. 6B)

Myself

My name is Angel. I am eleven years old and I live in Tsing Yi. I like it there because it is not too crowded. I live with my parents and my younger brother, Thomas. My parents are very kind and always buy some books for me. I love reading books. Thomas is only seven years old but we always play together. He is very funny because if he does not know how to say something, he will just make a new word. I am close to everyone in my family and enjoy being with them very much.

I go to Yaumati Catholic Primary School on Hoi Wang Road. I love it there because I have many friends. My best friend is Michelle Poon. I talk with her every day. My favourite subject is Mathematics because I find it interesting and I want to be a teacher when I am older.

I want to go to True Light Girls' College because of its great reputation and famous teachers. I will study hard and pay attention in class to make my wish come true.

In my spare time I read novels because I can learn many new words.

When I come across words that I do not know, I will look up their meanings from the dictionary and study them.
