

Li Po Ching, Cherry (P. 6B)

Myself

My name is Cherry. I am ten years old and I live in Yaumatei. I like it there because it is convenient for me to go to other places. I live with my parents and my sisters, Polly, Mandy and Ruby. My parents are very kind and always cook food for us on Saturdays. I love eating Mum's chicken wings and fried rice. Ruby is only eight years old but we always play together. She is happy when I play with her.

I like to play basketball and draw some beautiful pictures. I always play basketball with my classmates. I like to draw pictures too. My pictures are very beautiful. However, I am weak in playing football, so I seldom play football.

In my spare time I enjoy reading books because I like to read story endings. I also love to play basketball to test my 3-point shots.
