My Favourite Hobby

Playing chess is my hobby. I like playing chess when I have free time.

I learnt to play chess when I was five. My brother taught me to do it. When I played chess for the first time, I felt excited and happy.

I like playing chess because it is exciting. I like it very much because it is interesting. It makes me smarter too.

I play chess twice a week at home. I usually play chess with my brother.

Playing chess is exciting. I like it very much.
