My Dream Occupation

My dream occupation is being a ballerina. I wish to be a ballerina when I grow up.

Ballerinas teach people ballet. They need to be kind to teach people. Being a ballerina is a thrilling job. Ballerinas perform on the stage. They need to wear beautiful clothes.

I wish to be a ballerina because I want to perform around the world. I think it is thrilling to be a ballerina. I can open a ballet school if I become a ballerina. I will perform in world-class theatres if I become a ballerina.

To make my dream come true, I will practise dancing and keep my body thin.

I hope I will be a ballerina when I grow up.
