### My Favourite Hobby

My favourite hobby is ballet dancing. I like ballet dancing when I have free time.

I learnt ballet when I was three. Miss Kwok taught me to do it. When I first did it, I felt excited.

I like ballet dancing because there are lots of chances for me to perform. I am interested because the teacher is so kind. Ballet dancing can help me to keep my body fit too.

I dance twice a week in Kwai Ching Theatre. I usually do it with my friends.

I feel excited when I am ballet dancing. I wish to be a ballerina when I grow up.
