Myself

My name is Michelle. I am eleven years old and I live in Mong Kok. I like it there because there are shopping centres and supermarkets. It is convenient. I live with my parents and my sister, Cherry. My parents are very funny and always tell jokes to us on Sundays. I love eating hotdogs and ice-cream. Cherry is only nine years old and I always play with her. She always plays, so my parents often punish her. I love everyone in my family and I enjoy playing with them very much.

I go to Yaumati Catholic Primary School on Hoi Wang Road. I love it there because the teachers teach me kindly. My best friend is Angel. I play basketball with her every day. My favourite subject is English because English is so easy and I want to be an English teacher when I am older. I love to learn new words in English. It is really interesting!

I want to go to Sha Tin Government Secondary School because it has a good reputation and good teachers. I know there are native English teachers who can help me to improve my English skills in that school. I also enjoy taking part in extra-curricular activities and I would like to join the basketball team. I am a member of the Yaumati Catholic Primary

School (Hoi Wang Road) basketball team and I have practices on Thursdays.

In my spare time I enjoy playing basketball because it is a very exciting sport and I love doing sports. I also love to play computer games. In addition, I often write on my blog so that my parents can know about the things that I do every day.
