My favourite Colour

My favourite colour is blue. It is a cool colour.

Most of my things are blue. I have a blue lunch bag, a blue pencil case, a blue cup, a blue penjuin soft toy and a blue racing car. Blueberries are blue too. I like eating them. They are sweet. I like Dororo and Tamama. Dororo is light blue and Tamama is dark blue. I also like Dororo's sword. Tamama often eats potato chips and he is very fat! I also like the Transformers cartoon character, Oliver which is an orange and blue jeep. It's smart!

When I am angry, I will go to my room and look at some blue things, then I feel calm and cool. I will be happy again.
