We firmly believe that building up good students not only rests in the hands of their parents and the present school, but also their primary schools. A sound primary education is indispensable for nurturing students' future success. Therefore, I am writing to express my gratitude to your school for the quality education you and your team have provided for these aspiring individuals.

We hope to continue to receive students like yours who succeed beyond all our expectations and look forward to more promising years ahead.

Yours sincerely,

Tam Kim Hung  
Principal
